2022 WINTER CONFERENCE - SAVE THE DATE!

We are pleased to announce our 2022 Winter Conference! This year's theme is soil carbon sequestration. We will have several presenters representing all angles of soil conservation who will dive into topics like blue carbon, carbon credits, regenerative agriculture, soil productivity, and climate change regulations and mitigation. This will be a virtual, one day event on Friday, March 25th. Participants will have the opportunity to connect and network with colleagues and other professionals in the field. Continuing Education Credits are offered for participation in this event. Registration and other information like our Keynote Speaker will be announced soon. Keep up to date by visiting the conference webpage.

Soil and Water Conservation Society

SAVE THE DATE!

**2022 WINTER
CONFERENCE**

Friday, March 25, 2022

The objective of the SWCS Southern New England Chapter is to promote, educate and advance all phases of the science of conservation of soil, water, and all related resources. With this mission in mind, the Chapter hosts an annual winter conference to discuss new and local conservation topics. This year's theme is **soil carbon sequestration**. We will have several presenters representing all angles of soil conservation who will dive into topics like blue carbon, carbon credits, regenerative agriculture, soil productivity, and climate change regulations and mitigation. This will be a virtual, one day event on Friday, March 25th, 2022. Our previous conferences have attracted a wide range of participants from the private and public sectors. Don't miss out on this opportunity to network and learn the latest information and case studies relevant to conservation professionals. Stay tuned for more information coming soon!

SPONSORING SNEC IN 2022

Interested in supporting our mission and contributing to our 2022 events and programming? Consider becoming one of our sponsors! Your company name, products/services, and contact information will be seen by hundreds of potential customers and partners on the Chapter's website, newsletter, social media, and at our events. Visit www.swcssnec.org/sponsor-us for more information.

MEET OUR NEW EXECUTIVE DIRECTOR

Abigail Elder is a Vermont native but has lived on Cape Cod for eight years. She has a masters in Science Education from American International College and a Bachelor's degree from Skidmore College in Environmental Studies and Geoscience. Abby has several years of experience teaching middle school science as well as working for informal educational settings doing community outreach, curriculum design, and STEM programming. Abby is passionate about environmental conservation and is excited to join the SNEC team!

STAY CONNECTED WITH US

The SWCS Southern New England Chapter is hoping to reach more members and partners through our social media platforms. We recently created a new Instagram account (@swcs_sneec); go check it out! If you have suggestions for posts (upcoming events, news or academic papers related to soil and water conservation, job opportunities etc) please share them with info@swcssneec.org to be featured.
